

Products

Morrow Plastics offers a wide variety material in sheet, rod, and tube configurations.
Most materials are available in full lengths or cut to size.

- **ABS**
- **Acetal**
- **Acetron®**

- **Acrylic**
- **Arboron®**
- **CPVC**
- **Delrin®**
- **DMD**
- **Duroid®**
- **Fibre**
- **Formex®**
- **Glass Polyester**
- **HDPE**
- **High Pressure Laminates:**
Epoxy, Melanine, Silicone
- **Kapton®**
- **Kynar®**
- **LDPE**
- **Lebonite**
- **Lexan®**
- **Masonite**
- **Nomex®**
- **Noryl®**
- **Nylatron®**
- **Nylon**
- **Peek**

- **PETG**
- **Phenolics:**
Canvas, Linen, Paper, Glass
- **Plexiglass®**
- **Polycarbonate**
- **Polyethylene**
- **Polypropylene**
- **Polystyrene**
- **Polysulfone**
- **Polyurethane**
- **PET**
- **PVC**
- **PVDF**
- **Rulon®**
- **Teflon**
- **Torlon®**
- **UHMW**
- **Ultem®**
- **Valox®**
- **Vespel®**

These are only representative of the most common materials.
Please feel free to contact us with your specific needs.

Finishing

Through our in-house fabrication as well as our association with other top suppliers we are able to offer the best techniques to complete your project at the best price available. Using processes such as:

CNC Laser Cutting

CNC Machining

CNC Lathes

CNC Routers

Custom Extrusions

Flame Polishing

Injection Molding

**Punching
Sawing**

Sub Assembly

Vacuum Forming

Water Jet Cutting

Custom Fabrication

Line Bending

We are able to maximize yields and tolerances while minimizing waste. This allows you to keep cost under control.
